

Ladies and gentlemen, let's get ready to rumble!
Two books collide, rival nations.
It's Louisville and Kentucky, U.S.A.
Mohamed Ali, Ali!
Guizada in the defences play dedicated to theUmbe Amera Siezcu and Javi Castilejo

Javi Castilejo Flickrador and Octave to shameful
Gas Campo
I'll tell you it's good times but the best time to avoid
Jaime Huarte and Josubil García
Hello, Hugo Arte, who is here by my side, hello Jaime, how are you?
Good evening, it's great to be here in the month of August.
It's a pleasure.
Even here, José Luis Garci, hello, director, how are you?
A very big hug for both of you from here.
Very well, it seems to me that in the middle of summer.
Can you tell us the name of the field of gas?
It's a name that always invites you to talk a little, right?
We can't miss it because, look, I was talking precisely with you before I started running.
One of the stories that this sport has is that every day something happens,
apart from normal activity, right?
I mean, you always remember ephemeral and combat,
which have passed the history of very hard fights,
of many, of many, that is, that the countries were paralyzed.
To see, I always tell the anecdote of Manny Paquiao when he was going to fight,
in the war, in the Philippines, between the army and the guerrilla,
and they called each other, as if they were those of Gila,
and they called each other, but this was serious, really,
and they stopped, they stopped, and said, hey, from 11 to 12 when they touched,
there was a tregua, and then in the island, in Belfast,
in the island of Lida, in the only place where Catholic and Protestant convivians lived,
would be the Ignatians.
What a good movie from Vox, it's a good movie.
It's a movie, that's a movie,
and it was also very funny because the actors,
Daniel Day-Lewis, is a great actor, of course,
and then, to prepare the role, he trained with Barry McWigan,
who was world champion,
and then he took it so seriously, that those directors know a lot about the actors,
when they get into Ened, this guy, and he said,
they give me a couple of years more and I'm the world champion.
Daniel Day-Lewis is famous for that, not for being very famous.
No, no, it was terrifying, I think, let's go,
the typical hunger of these actors.

No, no, as if it were a real training,
not for a movie, but to fight.
That's what it is, and it's noticeable,
because in the scenes that Vox has,
there are some sticks with the other,
and I say, let's see.
I have a list, but now I'll tell you,
but I could have had a list of the best Vox movies.
Well, the director is used to it,
when they don't ask for lists.
You like the lists, right?
Let's see, what champions have you brought?
Well, I have taken a list that Jaime gave me.
Yes, because we have, look, two Spanish actors,
a Mexican and an Argentine,
because I think they have also been in their countries,
one is no longer among us, Carlos Monzón,
who is no longer among us,
but it was in Argentina, I don't know,
Maradona was a fanatic of Monzón,
his death, despite being in very difficult circumstances,
because then, in his extra-deportive life, there was a disaster.
No, he was a terrible person.
Terrible, terrible.
He was very bad to people,
well, the woman threw her out of the window.
She threw her out of the window.
It was a mistake.
But, friend, as a fan,
Monzón is among Marvin Habler and Ray Sugar-Robbins.
Yes, to me, one of the three best I've ever seen.
Indeed.
In front of the three.
I'm going to read the list and do a couple of...
That one was about the average weight,
because, for example, I was talking about the average weight,
which the director often says,
but when you say it,
well, the fucking movie ranking,
the movie from Western,
from the time of...
Well, that's the same thing, right?
Because in the average weight,
look, to me, one of these fights,

a fight that I would have liked to see
was Carlos Monzón and Marvin Habler,
which didn't match,
because Marvin Habler was a fast,
rough, but, of course,
Monzón was an executor.
I mean, with a coldness,
with a sense of the...
I would have liked to see who would have...
It's the artificial intelligence that he's going to do it in short.
No, but that's what I was going to say now.
You've seen it, because, of course,
in the moment that they put the robot into artificial intelligence,
so many fights, so many camps,
they're going to learn everything about boxing,
and the one who comes out there is invincible,
he can't win anything.
There are going to be the real lists.
Well, I say that I have this list,
Jaime has passed it, there are 10 fighters,
there are 10 very good,
but they're from 10 to 1,
we're going to stop at some.
That's why I'm saying,
for example, in this list, the tenth,
if you want to say a little phrase like that,
the tenth is Roberto Mano de Piedra Durán.
Look, another one at that level.
It seems to me that you've made a list
of 10 number 1s.
That's right.
You're not bad.
It's impressive.
Maybe you don't agree.
The new one is Floyd Mayweather.
Floyd Mayweather is the last boss
of the last 15, 20 years.
He's a champion.
Well, he's beaten.
That's right, and he's been removed.
It's true that he doesn't have that little point,
for example, that Durán reached,
that people loved him,
because Floyd Mayweather, in the end,

became the Monet.
He's the only one left.
I think everyone on the list
fought against everyone.
And Floyd Mayweather, when he came...
A commercial vision.
Monet, well, he was the handsome boy
from today, and he changed.
Monet's power, you know what I'm going to do,
he came out there throwing money.
Well, the eighth, I don't have this one
located, is Alexis Arguello.
Alexis Arguello.
The explosive flak.
Nicaragüense.
That's why Pluma Super Pluma.
Yes, three world champions.
It was Pluma Super Pluma
and Ligero, and he lost
when he entered the fourth crown.
Well, we're talking about idols.
But he gave me a lot to be
light, 178.
Very high, the explosive flak.
That was the podder, because it was
very high and it was the boxing perfection.
Mayweather, for example,
was the defensive perfection.
Durán had it all.
He was the world champion.
Yes, indeed.
A cathedra.
Well, the seventh is
Carlos Monzón.
Monzón.
Monzón.
He said some things about him.
Super aggressive.
Kao.
And then Monzón,
who was also organized
in Beladas, there in Monte Carlo,
because he was a friend of
Alén Delón,

of Ben Mondeau.
It was something
in Argentina, I tell you.
I think it's Gardel,
Monzón and Maradona.
It's a thing of...
And now Leo Messi.
I think Messi puts him a little less
because...
he's a normal guy.
Well, this is
Suga Ray Leunard.
Ray Suga, Leunard.
I think we talked about him the other day.
The American smile.
An Olympic gold in...
Montreal 76.
In Montreal 76, I mean,
terrible gold.
I mean, the personalized intelligence.
What fight did you have with the hitman?
Indeed, with Tommy Harn.
I can't say what fight.
It's what you say,
but Tommy was there, Marvin Halden.
The last fight of Marvin
that he didn't want to fight
against Leunard
and he lost.
The fifth on this list, which I don't have
is Archimour.
I've been thinking about the history of the fight.
Number one, indisputable.
I haven't thought about it better
than what happens when you want to be heavy
and then you lose, right?
But, well, with Rocky Marciano
it was his idol, and he almost
ended up crying, Rocky Marciano.
Yes, I'm reading here that he had a fight
with Rocky Marciano,
which gave him the return to the fight.
Of course, and then he also lost with Ali.
Cassius Clay.

Cassius Clay, because it was Cassius Clay.
Indeed, there is that Cassius Clay.
You see the fight with Archimour
and Cassius Clay is indisputable.
He is a god of boxing.
A god when the sky is dark,
you don't know this.
It's important to read here in the copy.
It was reincarnated
in Cassius Clay.
I'm going to entertain myself a little
and I'm going to vote.
And that was Cassius Clay, impressive.
And the problem that Archimour had
which was at that time
that it didn't exist like these
intermediate weights that there are now
and it's the cross weight.
The heavy weights did not reach 80 kilos
and they already faced
the heavy weight.
Maybe they weighed 95 kilos
some more, almost 100 kilos.
It's the best heavyweight in history.
Of course.
And it has the victory record
before the limit.
No one, I think I'm talking about memory.
About 140 kilos
there are victories or
victories at the top.
140 victories at the top.
A barbarity.
The fourth is
this is a great fighter, Julio César Chávez.
Chávez?
The titan of Mexico.
I had the opportunity to be with him.
I don't know.
I was, for example, in Los Angeles,
director, I had to see
how he moved, I don't know
what would be the great actors
of the time of Julio, but Chávez was the same.

Especialmente con los
hispanos que él había
hecho llegar a cualquier lugar
Yo no le dije que luchara con
Ravires, él no había perdido
él iba a luchar con José Luis Ravires.
Por supuesto.
Eran amigos.
Aquí en el reportaje
Chávez fue el campeón que tomó los mayores riesgos
en cada uno de sus combates.
Es posible, eso es por qué.
Y entonces esa famosa
línea roja delgada
que te separa, sabes
de decir
Estoy en riesgo
ahí está incluso el toro
a la altura de la moral
y él va, y Chávez va.
Y él eligió un fragmento
de Jaime Ugarte de un combate
que suena así.
Julio, eres muy fuerte, pon tu corazón en él.
Lucha por tu familia.
Vamos, vamos.
Este me ha puesto en problemas
pero vamos a ponerlo allí.
Tienes lo que tienes.
Tienes lo que tienes
por el amor de Dios, Julio.
Tienes lo que tienes, fuck.
Tienes lo que tienes allí.
Vamos a irnos a él.
Qué combate es este.
Este es uno de los...
Este es uno de los mejores combates
en la historia del boxeo.
Y el último que me cuentas.
Por supuesto, dos invictos.
Julio César Chávez
contra otro invicto olímpico
Meldrick Taylor.
Meldrick fue muy bueno.

How? He was winning the fight.
Meldrick.
But well, now yes.
He had a...
I was going to say a fracture.
A cut.
In Meldrick Taylor's lips.
I don't know what round.
He swallowed us and we drank two liters of blood.
Yes.
We played the fight live.
In the 5th place.
In the 5th place and I was...
Of course.
With Sabir at the end of the fight.
And some jokes.
What is this?
He wins by KO
in the last...
30 seconds.
When there were 20 seconds left
the referee...
The referee stopped the fight
because he saved his life.
Indeed.
What we talked about in that program
of the famous...
Of Benikid Paret.
Here, fortunately, Mr. Richard Steele
gets in between means
because he was totally destroyed
by what comes to Mexico
in order to send him to the other neighborhood.
That's amazing.
What else can we have?
The first three, according to this list
that is a list.
These three are the first three.
The third on the list is...
Joey Luis.
The competitor of Detroit.
Correct.
Joey Luis could be the first.
He has the defense record.

A new style.
More technical.
He's a great idol of multitudes.
In Detroit.
He's the bomber of Detroit.
I have the chance to see
Joey Luis Arena.
I've seen him too.
I've seen the statue with his...
That's right.
He has a statue with
the iconic fist
of the bomber of Detroit.
Joey Luis, as we said...
There are three...
I don't care.
Indeed.
Here would be Xecuo.
These are the first numbers.
I'm reading here that you say...
I don't know why you don't put it in between the first ten.
This third place in the top ten of all time.
You only debate against Rocky Marciano.
No.
No, because Rocky Marciano
was removed from the team.
He won, for example, to Joey Luis.
But he was a Joey Luis.
He was already back.
And Rocky Marciano also passed it.
He suffered a lot from Joey Luis.
Yes, because he was already
less and Rocky Marciano was...
Well, and then a myth.
He died in a traffic accident.
He had the intelligence of the plane traffic.
Exactly.
Of removing without a hitch.
49 fights, 49 victories, 43 chaos.
For Rocky Marciano.
But he doesn't have the level
of these we were talking about.
Well, in the second...
Look at the level.

What a great striker.
In the second place, Suga Ray Robinson.
Well, this is the beginning of time.
This is the beginning of the century.
What we talked about a lot.
I always...
The sound of...
It fascinates me as a journalist and such.
How he narrates, right?
That is, because in all the movies
the narrator always appears.
Right, director?
Yes, of course.
He is a united character in the history of the show.
The narrator.
Both of the radio and television.
It's incredible.
But Ray Suga Robinson is free for free.
I think he's the best he's ever seen.
Because...
He was the world champion.
He was going to dance.
He was the dancer in the party rooms.
He came back and recovered the dintro.
It's incredible.
But we all had difficulties.
The rivals he had
were the gold age of the piece.
That's right.
But then with the famous Jack Lamota.
With everyone.
And it was also in Harlem
to go with Suga Ray.
It was discreet with an ambulance.
He was with a Cadillac Rosa.
He was reading.
He was reading that
people loved him so much
that they made movies of his rivals
of Jack Lamota.
And that
Jack Lamota
faced Robinson six times.
Yes, yes, yes.

He won a Jack Lamota.
And he says that the movie is called
Toro salvaje.
Of course.
And that he interprets Jack Lamota.
But it's Jack Lamota's life.
And it's Robert De Niro.
He ended up telling jokes
and funny things in the cabarets.
That's funny.
That anecdote.
The one in the movie is his real wife, Vicky.
Yes, but I tell you it's a movie
more than a horror movie.
Because it's a horror movie.
It's true.
Look at the bad guys.
He was his wife.
His brother.
He was terrible.
And in the end he ended up alone.
Vicky left him.
He was very handsome.
He won five times.
He won five times.
He was the world champion.
He was so funny that he said
he was going to get into diabetes
to fight so much with sugar.
Yes, yes.
And the champion of our Europe
is one of the biggest Javidos.
The one who dies on the plane.
Marcel Cerdán.
He was the best of Europe.
The best of Europe.
And the world champion.
Marcel Cerdán.
He was the best.
He was the best.
And on top of that
what happens in the story
because he had a romance with
Edith Piaf.

And that's why he died.
Because she said,
I can't wait for you to come on board.
He took the plane
and disappeared on the plane.
He made the songs.
He laughed about him.
It was an incredible love story.
By the way, I read several biographies.
And the idol of him
was Ben Baret, the soccer player.
Of course.
He was an athlete in Madrid.
Yes, because he was also a footballer.
He played with number seven.
But he was going to be a better striker.
He was very good at Ben Baret.
He was very good.
Yes, he was an extraordinary player.
Number one.
His name is known all over the world.
Do you like it or not?
He was chosen as the best sportsman
of the 20th century by all his teammates.
Mohamed Ali.
He was...
I don't know.
If you want your country to be known all over the world.
Of course.
He faced his own government.
He was incredible.
Many times we talk about him.
We believe that the best is Casius Marcellus Clay.
The best.
The best is Mohamed Ali.
The best is Casius Marcellus Clay.
The best is Casius Marcellus Clay.
The best.
The best is Mohamed Ali.
He was a champion.
He was the champion who destroyed the race.
When he had the color of the Vietnam.
I think that's the best.
I think that's the best.

We're talking about him because
when he was still...
Cassius Clay was his slave.
When he was an Olympic gold medalist.
He was in full swing.
When we talk about Archimburg.
He was invincible.
And when he was denied to go to the Vietnam war.
He was punished by the Commission.
He was removed from the world title.
He was three years apart.
Without being able to vote or anything.
Imagine three years.
I always say the same thing.
Now he's an elite sportsman.
He's three years old.
Rodrigo.
He's three years old.
Three years old.
Three years old to anyone.
He's crazy.
The sport is an icon of many things.
For the history.
For the younger people.
Or for the young people who have the image of Muhammad Ali.
Turning on the TV of
the Olympic Games of Atlanta.
He threw the gold medal.
He threw the gold medal.
When he was tremendous.
He said he was...
He left him to go to a restaurant.
Exactly.
He threw the gold medal.
And then they gave him back the gold medal.
He accepted it.
It's unthinkable.
That commitment he had.
Is he wrong?
In the fight against racism.
Of course.
He wasn't wrong.
He was in the right direction.
At another time.

Desi Owens won four gold medals.
And they gave him a tribute in a hotel.
And he couldn't enter through the main door.
He had to enter through the equipment door.
Desi Owens.
He was an amateur.
And he didn't do much.
The Olympic Games of the 1930s.
The ones of Hitler.
But he evolved.
Thanks to these people.
He was like killing a god.
To see what the south was.
In that time.
And Cassius Clayton was one of the amateur.
And he said he didn't do anything to these people.
I don't know why they were so good.
To kill people.
He said he didn't do anything.
And he was like the counter-culture.
At the time of the hippies.
He was doing it before.
Before.
Of all those freedoms that are being achieved.
He was a genius.
Like a person.
Where he would have been an amateur.
And the oratory.
That people had.
When they can on YouTube.
I think they interview the BBC.
That they can talk about the blacks.
And they say.
And they leave.
Tarzan Redas.
A blond guy.
And he says.
And he says.
The blacks are dark.
Where are they in the sky?
The blacks.
And he says.
And he says.
And he says.

And he says.

And he says.

And he says.

they are for a good time.

I hope those who are.

With the heat of the summer.

From this August.

It's another movie.

Will Smith by Muhammad Ali.

He did well.

And Garcy.

Yeah.

He was very well studied.

And it happens that.

When they do the fight.

It can't be like this.

They are not real.

The Dope a Dope, the Quinsasa fight, yes, his idea was to escape from the ropes and hit everything you have until you get tired, which is a suicide, of course, but it worked out well.

Look, it's one of the few movies that he's very good at, coinciding with the director, as I can't put it in another way.

But then the movie, don't you believe, is one of the few that I've liked the least about Boxeo?

I'm cold, I think.

In exchange for Boxeo, I talked about it before. It's a movie about what Boxeo is, really.

Yes, yes, yes. And listen, Cinderella Man?

Yes, Cinderella Man.

The movie of James J. Abrado, which is the real life.

It's also real, right?

Of course, of course, it was true.

It's what I'm talking about, Luis, of course.

Another day we have to do the ranking, since you don't have a ranking in Garcy that makes a lot of decisions.

Yes, yes, yes.

You have to do a Spanish ranking.

Yes, yes, there are some that are quite good.

Well, Garcy Huarte, I'll let you continue the path.

After this stop, you continue the path.

Thank you very much for this conversation.

A very strong hug, director.

Thank you very much.
