So summer, I haven't had a holiday since it was the full activity for my house of others so I worked like crazy and it was very nice.

Have you seen the beautiful world?

People love it, I really have an in-wee chance and I always have other charming people who give me hands, who are in love with me.

Do you hang out on RTL while you're at the house of others?

Do you do the tasks, I don't know?

Ah well all the time, all the time I've done, but I've listened to all the old shows this summer but all the time and then I put podcasts, so now I have a helmet system and I put something that I found at Catelon to not make bubbles and I put my phone with a grip on my arm.

Do you use it to run or walk?

That's how I do it, I do the cleaning, I do the bedding, I fall, I'm on my tractor etc. and it's great.

So you're a real auditory?

Ah yes I'm a real auditory, yes, a real one.

Do you like to listen to yourself?

Do you listen to yourself again?

No, I don't, but I like to listen to others, it's a lot of fun.

Are you happy to find again, I imagine, your friends from Laurent-Ruquet?

Ah well yes, of course, of course.

Have you kept in touch during the summer?

Well I have Daniel Levenou who came to the house, who came to spend a week.

Ah, let's continue.

We're going to have the potards with Daniel.

Ah well it's more real than nature and all the two of them, it's true that it was a little explosive.

We sent small photos to Laurent and everything to make small kisses and no, no, it was very, very nice

because she came to do a little shooting next to my house in Laurent-Ruquet and suddenly she was lying at home and she is extraordinary.

I've loved her for a very long time.

I listen to her very well, so we don't know, we call each other regularly.

I imagine that she is easy to live.

And she is, well she is all-terrain, yes, yes, and she has natures like me.

Even with, there were others at the same time.

Well yes of course.

So it was, well it was a lot of fun for others to see us more real than nature.

So there are some who said to me, but wait, but Mr. Ruquet,

he knows Laurent-Ruquet, how are you?
Ah yes, yes, yes, I imagine, he sees well.
Is the level of the show, the difficult questions,
or maybe a little less, you missed?
Well it hasn't changed a lot.
Well apart from the mystery invite, I never found it, so it's cool not to have a mystery invite.
Well there isn't a lot of modification.
Have you learned things for example today?
Well on Waterloo, yes, I didn't know it was like that that we had lost
because the horse was dead.
But anyway, I take notes.
I want to make files because there is no reason.
Paul's method of files, I have to be able to apply this method.
Now I'm going to make files.
So that's the resolution of this question?
I'm not sure to be there to answer the question.
But you are more sport?
No, I'm more...
What is your field then?
Well me it's contemporary art, strangely.
So more questions about contemporary art?
Yes, there is never a question when I'm there on contemporary art.
I know it well, it's something I know well because I had a painting gallery for a while.
What else do I know well?
Well on Georges Sand, Georges Sand is my favorite heroine in real life.
And besides, I remember, it's the most beautiful compliment I've ever made in my life.
It's one day, Philippe Bouvard who told me,
Dari, if Georges Sand was alive, she would have loved you.
So I hugged her, I was very respectful in Philippe.
I hugged her, I said now I can die, we made the most beautiful compliment in my life.
Do you still have in touch with Philippe Bouvard since you talked about it?
Well since I came back to the big head, I know it doesn't make him happy.
So you've never written it since your birth?
No, but I might do it on the occasion of his birthday, I have to throw myself in the water.
It's true that I discovered, I discovered at Laurent,
a person is really incredible.
Someone extraordinary, cultured, kind, benevolence,
generosity, heart.
It's really an exceptional person, the fear of culture, the level is very high.
Without transition, Dari, we are in the middle of the world of rugby,
with a game in France in a few hours.
So I understood that there was a lot more points.
So I can say 40 for France versus 23.

I still don't understand the rules of the game.
It was my question.
Because I only look at the players.
And then a long time ago, I had big heads with a rugby player
that Patrick Sébastien had brought at the time
and who had done several shows.
He became a little big head.
And then he was super beautiful.
I don't like blond people.
I prefer brown and brown.
And he was blond and I found him a very, very beautiful guy.
His name is Jean-Pierre Rive.
It's not your generation obviously.
And he was a rugby player.
What about rugby?
But do you watch the matches or not?
I watch the calendar.
Yes, yes, I watch the matches of the players,
but I don't understand at all
why he glutes like that.
Do you want us to send you to Ioann Rive?
But I'm going to take a little class in the evening with Ioann.
He's going to be happy.
A little class in the evening.
A little class in the evening with my little Ioann.
We're going to give him the message.
First, I'm listening.
I'm listening now.
Sunday evening, RTL.
When there is Florian and Ioann.
But you don't understand everything.
Well, I'm going to learn things by listening to them.
So make shows on Sunday too.
We're going to have to start the show on Sunday.
No, I'm going to do some private classes.
So Ioann,
Durek Biya, there is only one step.
Do you have an advice,
an advice from Harry for our audience,
our audience who are listening to us?
If we already do the little advice.
Well, if we already do it,
it's especially good to look at the place

[Transcript] Les Grosses Têtes / DÉBRIEF - Darie Boutboul a pris une résolution pour cette saison

where there are horses.
And see if the animal welfare
in the puppy clubs is very important.
And there are places where horses,
when there are only nice horses
who are a little pink,
those who are not good.
Because a horse who is good,
who is happy to live,
he has no reason to be not nice.
And that's really important.
And it's the same thing with rabbits.
When rabbits are not nice with children,
those who are not good.
Because normally rabbits are really nice.
And I noticed that.
Pony clubs where rabbits are happy,
they are not cow with children.
Well, we'll finish on that.
Thank you and see you soon.
See you soon.
Thank you for listening to the big heads debrief.
And see you tomorrow for a new show
at 5.30 p.m. on RTL
or even on Ripley, on the application
and of course all our partner platforms.
