RTL, six big heads, five fake news.

Attention for the fake news, it's Aurélien, 49 years old, on the phone, who will try to find the real info among the idiots who will tell him my big-head friends.

Hello Aurélien.

Hello Laurent, hello the big heads, hello Club Biggie.

Hello Aurélien.

You're going to be in the north, right Aurélien?

That's right, that's right, in the north.

Where exactly in the north?

So in the north, in Rambles-Fontaine, it's between Valenciennes and Mobges.

Do you know Chantal?

Yes, of course, he's my corner, I've only seen your corner.

And where were you from?

Aurélien, you're going to listen to my big heads and if you find the right info, well, you're going to win.

Ah, it's pretty rare, like a gift, a canapédie, Aurélien.

No, no.

I need it, otherwise I'll take it if you want.

It's not bad, a canapédie, a canapédie, Toper, equipped with a fast water system.

But no.

What is it?

To fold it, to fold it.

It means a simple, fast opening.

It's the biggest space of canapédie, the Toper space, which offers you this canapé, it's a family house, the Toper house.

Since 1926, the best canapés are located at Toper.

There are two shops in Paris, one in the 12th and one in the 15th arrondissement.

Yes, you can see the address.

There are the largest canapés, mobiles and litries markets.

You can obviously buy on toper.fr.

It's important to have a good canapédie to receive friends.

Well, yes.

Teo de P.E.R., if you want to know more about your Aurélien canapédie.

Are you ready?

I'm ready.

So Aurélien, here's the info of the day.

One floor will be real, we start with Jan Moax.

The book of Agnès Buzin, Ex-Mise de la Santé,

ex-candidate in Paris, is called Journal, January, June 2020.

It comes out tomorrow at Flammarion in the collection, not essential.

Chantal, below.

Well, it's very, very long.

I don't know if I'm going to understand it or not.

I hope it's okay, be careful.

A little hint of the association of Belgian motorists

to the French motorists.

If you want to make several dishes with 100 euros of each carburetor,
don't wait for your tank to be empty.

Fill it regularly, every 1 km.

And you will only need one or two liters of essence
so that your tank is on board.

So you can make more than 50 dishes with only 100 euros.

He didn't understand anything!

That's what I was thinking.

Yes, that's what I was thinking.

Gérard Junio.

Epidemi of motorism, intoxication at the Rousseau sardine
would have already touched all the media.

Sébastien Thoennes.

The Pope of France who made a direct mass of the Vélodrome
Saturday followed the PGOM game on Sunday.

Followed by the chorale of the Parisian supporters,
composed of 15,000 singers,

Le Souverain Pontif decided to make them sing
during the next mass of the Vatican rameaux.

The marchers are the peddlers
and I can't hear them.

It's shameful, I hope it's wrong.

Philippe Galluc.

Polymics in Belgium because of a law on sexual education.

The choice of Marc Dutroux as a teacher doesn't work.

Francesca Antoniotti to finish.

Yes, the Singapore Airlines company
damaged a New Zealand couple,
passenger of the Paris-Singapore flight
because they had spent 13 hours next to a dog
who rummaged and who farted.

So who said the truth, Aurélien?

Who took the plane with a carousel?

The truth.

So, not easy, not easy.

I'm going to do it by elimination, as usual.

There are months for Agnes Buzin, of course.

No, it's not true.

There is a book coming out, but it's not in the collection
not essential.

It's good at Flamarion, on the other hand,
we say the memories, not at all,
because the memories are only six months.

January, June 2020.

Six months important.

Yes, we can say.

In any case, this is not the right information.

We added not essential collections,
which was not very nice, Mr. Buzin.

No, especially since it's a very estimable woman.

Yes, her newspaper is competing with yours at the same time.

Are you talking about this idiot?

Yes.

Who will eliminate others then?

Philippe Gueluc, in the same way, for Belgium.

Yes, yes, Marc Dutrou is always in prison,
you reassure me.

Mr. Gueluc, of course.

Then...

I'll put it on the side, too.

You put it on the side, yes.

Like everyone else.

Mr. Toen, for the Pope, no, I don't think so either.

No.

No, not anymore.

No.

I'll stay on Francesca for the dog who barks.

A dog that barks and barks.

That can happen.

Yes, that was the right information.

A dog that is particularly noisy
and smelly,

is that some companies accept dogs on board.

If they are psychologically dependent,

I believe, of their animals.

Yes, yes, yes.

Except that Bulldog,

had a very noisy,
and permanent bark.
And, in addition,
he put some bad smelly gases on it.
The worst, it's still humans.
It's going to be a jurisprudence.
Sometimes, we are next to someone in the plane
who barks, but he barks.
And as he makes loud noises, we don't hear it,
but we smell it, it stings your eyes,
it stings your nose, and you say nothing,
but you suffer and get out of the plane,
you want to blow it up.
No, but it's easier, you ban the wagon bar.
Yes, I have the impression,
mademoiselle Antonietic,
that you are more locus on the sword
in the plane than on the safety box.
Yes, that's true, that's true.
And I confirm, there is a shadow.
There is a shadow too.
Aurélien, you won a canapé-li
from Topper, believe me,
it's worth the cost.
You will consult that, and you will choose
Topper.fr, your new canapé-li
in fabric,
with storage box.
