So I've I've been touring around the country with my friend and comedian Josh Thompson
who is of Tongan descent and
He has beautiful tight curly hair and I was talking to him about his hair and how he gets his curls
So defined and luscious and soft and moistened just beautiful curls on this man because my
Parkia boyfriend has very tight ringlets as well
But his are quite dry and he's never found a product that manages it without making him crunchy
right
Yeah, keeping it nice and soft was just Tomo's is really soft
And and then I don't know where it's going. Oh, really? He said to me he uses this product that you
can only buy online and
Swears by it's a leaving conditioner. It's called olive miracle anti-breakage formula leaving
conditioner
It's you can only get it from certain shops
Like like what like African braiding shops African braiding shops. Yeah, okay, the product is by a

company called African Pride

Now but then he's not African is he?

Tomo Josh is not African. No, no, but he has ringlets. We're all African

I'm a big believer in evolution and it tells me that Africa was the cradle of life

Okay, everyone just remain absolutely silent when I make it

Important that the white guy has left in pure silence when he makes a claim that we're all Africans.

I'm not fucking I'm not jumping on there

But I was like

To think that my like my friend went into an African store to buy my parkia Italian boyfriend

African hair styling tools that honestly this guy's ringlets are so beautiful Josh's hair is

Softwares like Aaron he can get to find ringlets, but it goes crunchy or his hair's dry and goes a bit frizzy

But he has in there the same tight curl, right question. Could you order it online?

So you don't have to go into yeah, I could order online

It's where we are here where we are here

We drove past an African hair store and he was like, I wonder if they've got it and he went and got me a bottle

Oh, right. Okay. They have much business in Palmerston North

while African hair

Primarily all white guys with dreads who still think that's all right or really I don't know I don't know

This product right and so now he's gonna try it and have amazing luscious here cuz it's like moist

You know tight curly here cuz he doesn't have like there's different grades. I can't remember how they grade them like

Type one type two type three of curls, right?

And and every every hair type one you're born with type two you get from eating too much

No, it's slightly different

But he does have very very very curly hair. Wow. I'm gonna try it

But there was just something funny about him using a product by a company called

African pride that made me feel

Actually, I'm just trying to think you'll find a white guy panic so much. You'll find a racial loophole

Aaron's Italian Italy very close to Africa. Yeah

Isn't it he gets his curly hair from his bohemian

Heritage which is I'm not touching that one. I'm not touching that one of the poll actually stay right out of the bohemian

Romanian well anyway, stay tuned for my fiance's new tight African curls

That's gonna love hot
