Welcome to a little bit of pod guys. Yes. I got to call one one one
Oh my god, I've never called one one one. Haven't you? Never? No. Oh yeah, I have one.
I called staff five five five once driving through what's the gorge out of Queenstown
Gibson Valley around the air what is it?
does that
No, isn't it just Gibson Valley?
Yeah, and there was a gigantic pig on the road like a boy like a boy
Yeah, and so I rang staff five five five and then said hey
And then I was a pig on the road. Yeah. Oh my god. That is such a good impersonation of yourself
Yeah
Rung it once before when someone was fighting
Like yeah, having a big scrap. Yeah. Yeah
We um had to rent a place when we were renovating once we had to rent a place in a west Auckland
neighborhood that was
This nicely fucking gross
There were fights in the street
I saw a I was out the window and shutters like don't let them see us like that can't see me
I'm peaking. I'm peaking plus they're trying to kill each other and I saw like a
Gull like a reflection and I was like, that's a knife straight on the place. I was like
I think I saw a knife that they were there so quick so quick
Well, so I woke up on and it's you know
I've spoken about the graffiti on our building because there's right underneath your window
The neighbors have scaffolding because they're obviously gonna do painting or repairs or something
And so that leaves like access to a roof between my building
And so we've already had some like quite a bit of tagging like they they go up like two or three
stories get on the roof
And like God knows how no one fall. No
And then so I wake up on Saturday morning and it's like on Sunday morning and it's some
10 to 6 and I'm wide awake. Thanks body cause you're thanks. Thanks this job and these hours
Yeah, but keep us and some scrolling the cats like I want food and then I hear the don't don't like of
like heavy walking on
scaffolding and I was like, oh
Right mother fuckers. That's all I got you now. I'm awake on a Sunday
You know, I'm awake. I hear you and then so I like pull my curtains and then I've got a blind and I
like peek out of it
Are you nude?
Yes. Oh nude. He's nude nude
I'm nude and I'm peeking up my blinds and I see these two guys standing on like what would be the
fifth floor
Scaffolding holy just having a yarn. Oh my god. Yeah, and I'm like fuck
They're not they're not tagging and they didn't have backpacks or big jackets. There's no spray paint
I was like fuck so they're just like probably drunk heading home from town
Yeah, and so and then they they climb a little bit higher and I was like, okay

This is I'm calling the cops and so I call the cops and talk to this lovely lady
What's that cock out still?
Did you put on some I still need it still need it this day you need it this day
Cockout on the phone cock out for 9-1-1
Don't get your cock out for 9-1-1 1-1-1
And so I'm like I say, oh, I look there's two people on some scaffolding and yeah, it's and she's like,
oh, that's no good
I'm like, no, it's not
And so she's like, what do they look like? I'm like, I can't really see them at dark clothing
And then they kind of go around the side of the building and she's and I'm like, oh, I don't I don't
think they've gone down
But I can't see them anymore. She's like, well, I'll put it down if he's if anything changes give us a
call back
So I'm like, all right, I'm gonna put my pants on and so I find so I don't want to turn my to my light
on cuz
So I'm like finding some knickers. Yeah, get my sweat pants on
Chuck the hoodie on and put my ear pods and I went out
I went downstairs and then I could see the god. He's taking the matter into his own hands
I was like, yeah, I was like, these motherfuckers are not getting away
And so I walked down and then I looked up and I hope they listen. I hope they listen to the book
They are at this stage on the top roof of that building and disappeared and onto the roof
And I'm just like what the fuck and then that's what I see the cops come
I ring the lady back and she's like some guy was like fire police ambulance
I'm like fire police and then the lady comes on again. I'm like, oh, did I just speak to you?
She's like, yes, the guys on the scaffold. I was like, it's me, but I'm back
But I'm cocky. Oh my god. She did not know I was naked. That's quite horrifying for her. She might
listen
But anyway, I said it's Megan. I've just come downstairs because I'm so nosy and they've actually
gone onto the roof
And that's when the police drove up. She said I can see the cars in the area and then these police got
out of their car
They turn on their flashing lights and the because of all the buildings and trees around there
Just the whole thing echoed blue and green blue and yellow red lights reflected reflected
And then they get out these cute little torches that were real little but so powerful
Yeah, it would have been not even a hand like the size of his hand and he just went click they both
been click
And fuck the whole thing just like no, I know I was like, where do you get where do you get the top
tortures?
Where does he get his cop torch because it's still was it so dark?
Yeah, because it was quite dark and a bit drizzly and then so you couldn't see them because they'd
gone onto the roof
And I said, oh, they're up there
They've just gone on to the roof and you just kind of see them look at each other like fuck

We're gonna climb up this and then they just boom straight away straight up there
And then one of them comes down or one of them kind of peaks he had open and kind of starts to
kind of climb down
And the other one was still on the roof and I'm like, well
I'm just gonna leave now because I don't want to be them to see me
Yeah, what are you gonna do when you get down and then I resist I did hear so one of them was
obviously trying to come down and then
The cop yells out to him come down. You won't get in trouble. I was like, oh my god. That's what a
mum says
Yeah, you will yeah, you're literally climbing on a building
So what did they do there? Did you watch other one? Did they ush them away or no?
He was talking to one of them. Yeah, the last I saw and then I don't know his friend was still coming
down
The other cop was up. They're trying to get him down and say that the cop went up there. Yeah
Would have been like that's that's like getting into a high-speed chance
And it's so lucky I took down my gatling gun because you remember I said I'd rigged up a gatling
gun with the senses
They would have been toast. Yeah, if I'd left that up. Well, the New Zealand police would have been
in prison
No, they were the taggers would have been
They weren't
I don't know if they were or not. I think they were just drunk coming home from the town has there
been any more
Tagging no no more tagging tagging because I think it's rude to tag over someone else's tag
You set a beef if you don't want to be you don't want a street. Yeah, which is why I've cropped cross
red lines for all the tags
So really this is how quickly I've had a response. Yeah, I said do the New Zealand police have a
standard issue torch
Oh, yeah. Yeah, they do there an LED lens that also mounts on the front of M4 rifles
Pass on my
Praise of the torch one because can we get one? I want one. They weren't like Jesus Christ
They're a hundred and fifty three dollars at New Zealand safety. Yeah
Dwight's our doors got them at two hundred and fifty bucks
Are they are like usb rechargeable like your ass be my my satisfying tortures
This does look like a pretty fucking. Oh my god. I like when they
When they both wait
It lit it up. I'm like, I'm horny now
Yeah, like a lot of targeted advertising online for torches and they'll be like click and it'll just boom
And I was just like you're not hiding from that torch. Oh my god. It was so yeah
