Do you like fireworks?  
I love it, but I had some problems with it  
especially in my childhood  
because I played too much with pets  
and I had problems with pets.  
When I lived in Vincennes,  
people used to dress for this walk.  
The family used to walk on Sundays  
and I used to put pets in the crotch of dogs.  
The families who used to go there  
were full of shit everywhere.  
Until one day when the mother was too short  
and it was me who took the shit  
and the little shit points on them.  
On the face, which I can't do again.  
Anyway, it's always the same editorial line  
in the humor.  
You were all the same, right?  
Because you're still a little...
