Marry  
You're married?  
But she's married, but she didn't tell us.  
No, she's married.  
I'm separated, but I've never made divorce papers.  
Well, I told you!  
I told you, it's not fair!  
There's no pretension, but you need to fix the situation.  
It would be easier, it would be more clear between us.  
It's for sure, so you can meet the maman.  
Let's see if you don't know my mother.  
Oh, why?  
If you knew her, you'd be under the shade.  
So I'd like to mock you like a brute.  
But it's still...  
There are people who say, yes, but you say that because it's your mother.  
No, my mother is an extraordinary woman,  
and I find that by chance she's her daughter.  
That's too much!  
And no one should say that about her mother!
