Hey realignment subscribers, Marshall here, as I promised earlier in the week in celebration of the one year anniversary of the Supercast, which is the means by which we fund the show, I'm releasing a one year anniversary best of Supercast AMA episode where I go over some of the best questions I've received this year, revisit past ones, offer new answers, give new contacts, update events, all those great things. If you'd like to get access to this full episode, you can go to realignment.supercast.com or click the link at the top of the show notes. Next week, Sagar and I will be back answering new questions so you can also, as a subscriber, submit those to CRS, discuss those next week, including other news events that are going to be top of mind. Once again, if you'd like to support the show and like to join in on the really bonus, looser episode, separate from the interviews, go to realignment.supercast.com. Really appreciate it, like if not for the past year of support from listeners, there have been many times where we could not have upped the production, the volume, or frankly, just the good conversations we've been able to have. And if this show has given you any value, I'd really appreciate the support. And of course, all of your questions, comments, etc. See you all next time. Hope you have a good rest of the weekend.
