

**[Transcript] The News Agents / This week on The News Agents USA: MCCARTHY SACKED:  
Why is the Republican Party eating itself alive?**

We have just legged it from the middle of conference mayhem back to the studios to record the breaking news that is coming out of America.

Kevin McCarthy, the house speaker, the most important Republican position in the country has just been kicked out of his job.

It is a civil war and we thought you'd like to know about it.

Yeah, it's never happened before.

He's a lonely man.

He has fallen foul of the ultra-maga Republicans, people even more maga than Donald Trump.

Just try and get your head around what that must look like.

That's newsagents USA on Global Player.
